## Gerber Introduces Stardust Pearl Film

**SOUTH WINDSOR, CT – September 22, 2008 – Gerber Scientific Products**, a worldwide leader in sign-making and specialty graphics systems headquartered in South Windsor, CT, is proud to announce a new addition to the Stardust Series of vinyl, Stardust Pearl, made especially for Gerber by 3M. Stardust Pearl is a durable, opaque, dimensionally stable vinyl with a smooth pearlescent flake in White, and it joins Stardust Gold and Stardust Silver, both of which boast an impressive ultrametallic flake. The Stardust Series of vinyl are ideally suited for vehicle, fleet, recreational and marine applications as well as elegant signs and decals. They feature a pressure-sensitive adhesive intended to withstand severe weather and handling conditions. The three films in the Stardust Series are designed for printing on the GERBER EDGE® family of printers.

### About Gerber Scientific Products

**Gerber Scientific Products** is a leader in the development and manufacture of computerized sign making and specialty graphics systems, software, materials and accessories.
