**You want results - and fast...**

*You want to take your concept, your identity or promotion and know that the image you've worked so hard to develop will be visually strengthened - and turned into reality. And you know that the only one you trust this with is a graphics professional with standards as high as yours. Our company has the expertise to ask the right questions and understand your individual needs. Our state-of-the-art GERBER EDGE® digital printing equipment and highly trained staff will provide results sure to meet - or exceed - your expectations.*

### Custom Signs

Custom Signs designed to match your environment - from bright and fun to established and traditional - we can produce them with a high gloss or anti-glare finish in thousands of solid spot colors.

### Wayfinding Systems

Wayfinding systems, directories and maps inform or get them where they want to be.

### Reflective

Reflective signs are hard to miss - day or night. So whether it's informational, or a promotional, 4-color photographic reproduction, we'll be sure they get the message.

### Real Estate Signs

Real estate signs with custom copy, logos or even an artist's rendition can be fabricated to get potential buyers focused on your property.

### Safety Signs

Safety signs that instruct and protect are requirements for many regulatory and hazardous situations in and out of doors. Fluorescent, phosphorescent, reflective and standard colors are available.

### Banners

Banners and other short-term signs are a cost-effective solution for special events and promotions.

### New Identity

Let us help you capture more business with a new identity sign program.

### Vehicle

Your company vehicle should do more than identify your business. We can make it part of your complete sign and visual communications program!

### Menu Boards

Menu boards can be more than black copy on a white background. Appeal to all their senses with an upgraded design that incorporates powerful visuals.

### Promotional

We do more than signs! Custom vehicle and promotional magnets, boat graphics, T-shirts, caps, decals, labels, floor graphics, and so much more!

### Storefronts

Whether it's a new design or your company logo, we can digitally reproduce it to specification.

### Color Matching

Red-hot reds, vivid blues, cool greens and color blends. Whether it's a standard color or a specified PANTONE® Color simulation - we can probably match it better than anyone.

### Our Pledge to You.

We understand that our primary mission for gaining and keeping your graphics business is to produce graphics that generate results and meet your objectives. And because we're as committed to producing quality graphics as we are committed to delivering them on time, we exclusively use the printing materials and components certified and technically supported by the manufacturer of our printing system - Gerber Scientific Products. These EDGE READY™ and IMAGE READY™ products are tested and proven for quality, durability and performance. It's just one of the many things we'll do to meet your needs today and secure your business in the future.

### Color Matching.

Our GerberColor Spectratone™ matching guide allows us to create thousands of colors in addition to our standard range. Sure - we can do four-color process printing - but our spot color printing expertise sets us apart. If you need a specific color and "close enough" isn't "good enough", call on us. Red-hot reds, vivid blues, cool greens and color blends - even soft pastels or special metallic finishes - we have the tools to get it done!
